You don't need equipment

Fencing is not an expensive sport, as you can borrow weapons and clothes at the club.

Denmark's best club

In 2016, Aalborg Fencing Club was given the title "Club of the Year" by the Danish Fencing Federation. And since then things have improved quite a bit: more space, more training days, better equipment, and more trainers. We would like to share that with you.

Many nationalities

Aalborg Fencing Club is a truly international club. Right now our members come from Argentina, Denmark, Germany, Iran, Italy, Poland, Romania, Slovakia, Spain, and Vietnam.
